Lies on the TV, Lies in the paper.
Lies on the streets, lies in the schools.
Lies everywhere, we're such a bunch of fools.
Who am I supposed to trust when all is filled with
Lies, lies, lies!

(Speech/instrumental)

Why the fuck do you lie to me?
You're a human just like me,
Nothing better nothing more.
I wanna kill you but you're not worth the effort.

Why the fuck do you lie to me?
You're a human just like me,
Nothing better nothing more.
I wanna kill you but you're not worth the effort.

THE EFFORT!
