Moritz:

Those you've known,
And lost, still walk behind you...
All alone,
They linger till they find you...

Without them,

The world grows dark around you-
And nothing is the same until you know
That they have found you.

Wendla:

Those you've pained
May carry that still with them...
All the same,
They whisper: "All forgiven."

Still your heart says:

The shadows bring the starlight,
And everything you've ever been
Is still there in the dark night.

Moritz: Wendla:

Thought you know When the northern wind blows,
You've left them far behind-
You walk on by yourself, The sorrows your heart holds,
And not with them-
Still you know There are those who still know-
They will fill your heart and mind
When they say They're still home;
There's a way through this...
We're still home.

Moritz, Wendla & Melchior:

Those you've known
And lost, still walk behind you.
All alone,
Their song still seems to find you.

They call you,

As if you knew their longing-
They whistle through the lonely wind,

The long blue shadows falling...

Melchior:

All alone,
But still I hear their yearning;
Through the dark,
The moon, alone there, burning.

The stars too,
They tell of spring returning-
And summer with another wind
That no one yet has known...

Moritz: Melchior: Wendla:

Though you know They call me- When the northern
There's so much more to find- Through all things- Wind
blows
Another dream, Night's falling, but The sorrows
Another love you'll hold. Somehow I go on. Your heart's
known-
I believe...
Still you know You watch me,
To trust your own true mind Just watch me-
On your way- I'm calling They're still home...
You are not alone.
There are those who still know. From longing. We're still
home...

Melchior:

Now they'll walk on my arm through the distant night,
And I won't let them stray from my heart.
Through the wind, through the dark, through the winter
light,
I will read all their dreams to the stars.

I'll walk now with them.
I'll call on their names,
I'll see their thoughts are known.

Not gone-
Not gone- Wendla:
They walk with my heart- Not gone-
I'll never let them go Not gone-
I'll never let them go. Not gone-
I'll never let them go...

You watch me,
Just watch me,
I'm calling.
I'm calling-
And one day all will know...
