Love never knows when the time is right  
But it's alright.  
The clock's tickin and i need to say this now  
Because in the end it'll all come out  
These are the words  
I need you  
When will you be mine?  
Maybe you think i lost my head  
But do you know with a girl like you  
suddenly im alive

Cud u be mine tonite?  
I wish that we can be  
I thought for just a moment it would be you and me  
Things that you said to me  
It turns me inside out  
Without a doubt you're in my heart  
Could you be mine tonite

Look at the stars in the sky  
This is the night  
When two people should fall in and make love  
So many souls keep searchin' forever  
For one that's right  
I guess im lucky for being here with you  
cause maybe you think i lost my head  
But do you know with a girl like you  
suddenly im alive

Could you be mine tonite?  
I wish that we can be  
I thought for just a moment it would be you and me  
Things that you said to me  
It turns me inside out  
Without a doubt you're in my heart  
Could you be mine tonite

There's no one else around to see us  
Come and walk with me theres no other way  
I need you can't you stay

Cud u be mine tonite?  
I wish that we can be  
I thought for just a moment it would be you and me  
Things that you said to me  
It turns me inside out  
Without a doubt you're in my heart  
Could you be mine tonight

Without a doubt you're in my heart  
Could you be mine tonight...
