Put the lime in the coconut and drink it all up
You put the lime in the coconut and drink it all up
You put the lime in the coconut and drink it all up
You put the lime in the coconut and call the doctor
woke him up

I said, "Doctor, is there nothing I can take"
I said, "Doctor, to relieve this bellyache"
I said, "Doctor, is there nothing I can take"
I said, "Doctor, to relieve this bellyache"

Oh, let me get this straight
Oh, Mister Doctor, man, I think I'm going insane
My girl's been creepin' on me and my heart is filled
with pain
Now I can't sleep, can't eat, can't stop this funky beat
Can't you hear it she keeps playing in my head

Baby, you really drive me coconuts
Tell me, what am I gonna do?

You put the lime in the coconut and drink it all up
You put the lime in the coconut and drink it all up
You put the lime in the coconut and drink it all up
You put the lime in the coconut and call the doctor,
woke him up

I said, "Doctor, is there nothing I can take"
I said, "Doctor, to relieve this bellyache"
I said, "Doctor, is there nothing I can take"
I said, "Doctor, to relieve this bellyache"
Let me get this straight

My temperature is up to 103
Is there anything you can prescribe for me?
Well, the doctor said, "Hmmm, now let me see
Just keep your body moving that's what works for me"

Baby, you really drive me coconuts
Tell me, what am I gonna do?

You put the lime in the coconut and drink them both

together

Put the lime in the coconut and you feel better

Put the lime in the coconut and drink 'em all up

You put the lime in the coconut and call me in the morning

Doctor, is there nothing I can take

I said, "Doctor, to relieve this bellyache"

I said, "Doctor, is there nothing I can take"

I said, "Doctor, to relieve this bellyache"

I can't catch myself, hey, Doc, I'm sick

I'm feelin' all run down, I'm sinking like a brick

I've seen dots in front of my eyes

You talk about coconuts and you're feeding me limes?

Different remedies to be giving to me, yeah

[Incomprehensible] and then my feet start hurting

And Doc, if you don't tend to me I'm gonna be the big bad wolf

And blow your house down

You put the lime in the coconut and drink it all up

Put the lime in the coconut and drink it all up

You put the lime in the coconut and drink it all up

Put the lime in the coconut, you're such a silly one

You put the lime in the coconut and drink 'em both together

Put the lime in the coconut and you feel better

Put the lime in the coconut and drink 'em all down

You put the lime in the coconut and call me in the mornin'

Woo, woo, "Is there nothing I can take" I said +

Woo, woo, "To relieve this bellyache" I said

Woo, woo, "Is there nothing I can take", I said

Woo, woo, "To relieve this bellyache", I said

Yeah, yeah, is there nothing I can take I said

Wah, wah, to relieve this bellyache

I said, "Doctor, is there nothing I can take"

I said, "Doctor, to relieve this bellyache"

Put the lime in the coconut and drink 'em both together

Put the lime in the coconut and then you'll feel better

Put the lime in the coconut and drink it all up

You put the lime in the coconut and drink it all up

Put the lime in the coconut and drink it all up

You put the lime in the coconut and drink it all up
Put the lime in the coconut and drink it all up
You put the lime in the coconut and drink it all up
