Evangelical man who sits in his mansion
Trying to tell me what to think and feel
With a righteous fist he condemns all sinners
And deploys his words upon the weak minds of millions
Would you base your life without a thought
Well suffer salvation it can't be bought
Poised with standing your indignation
I reach out my hand you have
No Solution
No Solution
No Solution
No Solution
The time it slips away
To our elected officials who hold their positions so
proudly
I don't believe a word you say
With all the power to make a change why don't you?
I've seen your words in action they have
No Solution
No Solution
No Solution
No Solution
The time it slips away
To all who influence millions
And to all who bear words they don't believe
I find it tragic how you toy with real emotions
Amongst all the lies we wonder why we have
No Solution
No Solution
No Solution
No Solution
The time it slips away
So far away
