Oh reluctant man who's afraid to touch the world
Why are you hiding?
What is the base of all your fears?
Do you find yourself in a cold, cruel world?
Dark and desperate
Scared and lonely
Selfish man who never gave to anyone else
What are you holding?
Is it worth the price you pay?
'Cause your eyes they see just what you want to see
And I hope they're not staring blindly at me
Cynical man who looks so hard to find a doubt
Can't you see the truth you're mutilating by what you're
fabricating
Oh destroyer man knocking holes right through the
heart
It's feelings that we're made of
It's feelings you're afraid of
You never cared before
Now you fight for so much more
There's no excuses now I can see you're breaking
A boy once in his youth
Now a man must face the truth
Well there's no excuses now I can see that you're
breaking
Consider this
Break down the walls
Break down the walls
Break down the walls
Cause I can see a better place
Now I can see a better place for you
Yeah I can see a better place for you
They're coming to see
And you're running to hide
Suppressing your emotions deep inside
So that the angry man can now control your world
He's not above the killing
It's time for you to show yourself
