So fragile, a young mind being molded
Impressionable as they decipher the world
A living portrait of what you've painted
Don't underestimate the mind of a child
Cause it's amazing just how they soak it up
Oh resentment in a young man's mind
Well he didn't just fall out of a rain cloud
Coarse vigor preceeding a landslide
A rigid walk by way of his wounds
It's amazing just how we soak it up
Oh it's amazing just how we soak it up
Eyes now closing as the fists come crashing down
The young child in the corner sits wondering
Oh What have I done?
Oh what have I done?
It's amazing just how we soak it up
Oh it's amazing just how we soak it up
Is life a lesson of learning
Is life a lesson we've been taught
Is life a lesson of learning
Is life a lesson we've been taught
It's amazing just how we soak it up
Oh it's amazing just how we soak it up
Oh it's amazing....
Just how....
We soak it up....
We soak it up....
We soak it up
