People always spilling what they're thinking
Bullshit always rolling off the tongue
One too many drunk conversations
Another poor pathetic fuckin' drunk

Now sympathy I won't cry in your beer
Said kill yourself is the only words I hear
I hear
I lost my job I losy my wife
Lost my kids fucked my life
Oh I don't give a shit let me make that clear

Shut up shut up
I listened to your words
Shut up shut up
Can't stand to hear you say
Shut up shut up
Just one too many problems
Shut up shut up
And get out of my fuckin' way boy

Now everybody loves to speak their mind
And everybody loves to tell me what's
on mine on mine
You don't do this you don't do that
He said this she said that
I don't give a shit don't waste my time

Shut up shut up
I listened to your words
Shut up shut up
Can't stand to hear you say
Shut up shut up
Just one too many problems
Shut up shut up
And get out of my fuckin' way boy

People always slippin' always trippin'
People talkin' crazy all the time
I wonder how it is they always find me
Seems like there's no place left to hide

Now people always talkin bout their race
Well pride is pride but hate is simply hate
Circle of truth circle of lies
One will live one will die
I don't hear a thing don't even try

Shut up shut up
I listened to your words now
Shut up shut up
Can't stand to hear you say
Shut up shut up
Just me too many problems
Shut up shut up
And get out of my fuckin' way boy
