You played your part  
I gave you everything  
For what we've lost  
There's no return  
No  
I can't forget  
Of what you meant to me  
Let's give it up  
Our love cannot burn  
No

Oh can you feel the temperature's rising up my love  
I do believe it's beautiful all the time  
Yes I was born to make mistakes  
But only love can cure your veins

Take only love  
That's all I ask of you  
Release the tension  
Keep it slow  
Yeah  
Only this moment  
Cannot be untrue  
Let's give it up  
Don't ever let me go  
Yeah

Oh can you feel the temperature's rising up my love  
I do believe it's beautiful all the time  
Yes I was born to make mistakes  
But only love can cure your veins
