You keep on moving for
Approving everyone
With endless inspiration
It's such a cheating
Soulful healing
Fills your bins
And makes you entertained
You don't care
You don't feel bad
You don't care
You don't feel sad

Well.

Someone crosses street And you don't pay attention for it The fate of man an victim's plaints Delivering your story

You take your jet
You're trying to forget
That preacher on the highway
Looking for the right way
Don't try to change
You suffer in your cage
The heavy weight you're taking
You have been mistaken

You have right
You're turning around
Cause sometimes
You get into doubt
You are afraid of the shooter in the darkness
You're running scared from the prayer and the harmless
