Share me
You have so much to show me
The heaven is up to haste the ground
The heaven's touch
Delivers much

Share me
You have so much to show me
The heaven is up to haste the ground
The heaven's touch
Delivers much

The heaven's touch
Delivers much
The heaven's touch
Delivers much

I want to know ya
When heaven brought ya
You laugh tonight
I feel something on my side
They cannot stop me
They cannot hurt me
Don't waste your time

You said too much
Don't wait for me
Don't save my life
Just make me free

I want to know ya
When heaven brought ya
You cry tonight
I feel sorry for your pride
It cannot stop me
It cannot hurt me
Don't waste your time
