So I'll take you out

Tellin everybody ya my thang

Party's on me tonight

Word of mouth everybody wanna hang

(Pre Chorus)

Where's your girl are you alone

Did you leave your man at home

Are you single when you roam

I gotta know

Is your hair fake or real

I'll just tell you how i feel

i'll just show you how we party

(Chorus)

Party party (do you wanna)

Just party party (do you wanna)

Just party party (do you wanna)

Just party tonight

Just party party do you wanna

Just party tonight

Did you leave your man at home
Are you single when you roam

Is your hair fake or real
I'll just tell you how i feel
i'll just show you how we party

(Chorus x2)
