Next time I'm gonna try an be faster than before
Next time I'll put the breaks on before I hit the wall
again
Don't know the reason why we were fighting anymore
One last goodbye then I'll be walking out the door

So pack your bags don't come back and don't turn
around
Cause you know you're not welcome anymore

Yeah you're looking an search but can't find anything
Yeah you're trying so hard but nothing's going on
nothing's going on
Yeah you're screaming an shouting but no sound is
coming out
Yeah I've heard it before a hundred times before a
thousand times before
A million times now I'll just cave in

Next time I'm gonna try an be wiser than before
But like a fool I find myself going back for more again
Don't know the reason why I couldn't face it anymore
One last goodbye then I'll be walking out the door

So pack your bags don't come back and don't turn
around
Cause you know you're not welcome anymore

Yeah you're looking an search but can't find anything
Yeah you're trying so hard but nothing's going on
nothing's going on
Yeah you're screaming an shouting but no sound is
coming out
Yeah I've heard it before a hundred times before a
thousand times before
A million times now I'll just cave in

Well

Yeah you're looking an search but can't find anything
Yeah you're trying so hard but nothing's going on
nothing's going on

Yeah you're screaming an shouting but no sound is
coming out
Yeah I've heard it before a hundred times before a
thousand times before
A million times now I'll just cave in
