I would like to tell you something  
But I can't be bothered

I hate your guts and want you to die, and  
I don't think I need a reason why  
Please leave right away, get out of my sight  
Before I do something you won't live to regret

Go away  
Far away  
I don't want you to stay  
Drive a car into a wall and die

I would feed your corpse to my guinea pig  
And dance a jig all over you remains  
I would tell everyone you had gone on holiday  
While plugging in the wire between you and the mains
