Thought it would be cool if we made our own video.  
So we got drunk, we got naked and we said we'd give it  
a go.

I'm the director so I got myself a starring role.  
Set the light, set the scene and hit record on the  
remote control.

I know we all make mistakes,  
But not all of yours are caught on tape,  
But I guess that's a risk you take when you make,  
Your very own video.

Everything looked fine when we both viewed the  
playback.  
Don't mix up the tapes, might give someone a heart  
attack.  
Pause it, forward it, rewind it to your favourite scene.  
Children might be listening so I guess I'd better keep it  
clean.

I know we all make mistakes,  
But not all of yours are caught on tape,  
But I guess that's a risk you take when you make,  
Your very own video.

If you make a video there's a lesson to be learnt.  
Careful if it don't work out 'cause you might well get  
burnt.  
Maybe it'll find itself sitting on a porno shelf?  
And maybe you'll get lucky and like Pam and Tommy  
live off the wealth?

I know we all make mistakes,  
But I wish I had never made the tape.  
At least yours in any case, in any case.

I know we all make mistakes,  
But not all of yours are caught on tape,  
But I guess that's a risk you take when you make,  
Your very own video.
