It makes me happy, when you are sad,
You make me smile,
when I know that your mad,
I am more cheery,
when you are weary,
Because I have more fun when you're nowhere near
me.

Everybody else just get in line, what goes around
comes around in time.
Everybody else just get in line, what goes around
comes around in time.
Na na na na na na na na.
Na na na na na na na na.
What's the matter with you, nothing wrong
with me,
just move along nothing here to see.
There's no end of the line
everything is fine and dandy here with me.

It makes me happy when your in trouble,
And if it's serious, well, that makes it
double,
I am more cheery, when you are weary,
Because I have more fun when your nowhere near me.

Everybody else just get in line, goes around comes
around in time.
Everybody else just get in line, goes around comes
around in time.
Na na na na na na na na
Na na na na na na na na
What's the matter with you, nothing wrong
with me,
Just move along nothing here to see,
There's no end of the line, everything is
fine and dandy here with me.

It makes me happy, when you are sad,
You make me smile,
when I know that your mad,
I am more cheery,

when you are weary,
Because I have more fun when you're nowhere near
me.

Everybody else just get in line, goes around comes
around in time.

Everybody else just get in line, goes around comes
around in time.

Na na na na na na na na na

Na na na na na na na na na

What's the matter with you, nothing wrong
with me,

Just move along nothing here to see,

There's no end of the line,

everything is fine and dandy here with me.
