Well, you've got the gangsta rappers cruising in their
low riders
They're kitted out by the very best designers
Got all the booty women and they're trippin with ice
A car turns the corner and they gotta look twice
Boy bands practising their dance moves
They're looking so smooth
They're looking so cool
They have a stylist to tell them what to do and say
What to sing and play
They'll be broken up soon anyway
Some suck
Some rock
Tough shit
You've made your bed now you'll lie in it
Well you've got your drug squad singing about taking
up and tweaking
The only problem, they practise what they're preaching
They wrote a kid a tune
Hit the big time real soon
Til they find the singer dead in a hotel room
Nu-metal kiddie acting so tough
No one else is good enough
Grew up on the streets rough
When in reality went to a private school
Never broke a single rule
He's acting bad so he looks cool
It's just the price they have to pay
Ska punk's just a big joke
Just upsets folk
Gets stuck in their throat
Well if ska punk's just a big joke
Just upsets folk
Well that's the price we wanna pay
