I wanna know if you like me girl,  
Give me sugar and honey,  
No, we don't need any money,  
We love each other,  
Cause love is for free.

Your love is for free (x3)

I wanna know if you like me girl,  
Give me sugar and honey,  
No, we don't need any money,  
We love each other,  
Cause love is for free.

You're just a child, you're so divine,  
I will do anything to make you mine,  
why they might tease you, they have to try,  
I see you shining, that makes me blind.  
Money it's evil, it's miserable,  
But if you're with me, love beats the devil.  
We have a shelter, living like rebels,  
Just me and you girl, loving forever.

(x2)

So what, if you're hot, and I'm not,  
You'll see that I'm a funny guy,  
Won't make you cry, so be mine, so be mine

I wanna know if you like me girl,  
Give me sugar and honey,  
No, we don't need any money,  
We love each other,  
Cause love is for free.

You're a beautiful woman, sittin' in the sun,  
You're like the rain in the summer day,

You're the girl in my dreams, I don't know what it means,  
But I know you'll be coming my way.

(x2)

So what, if you're hot, and I'm not,  
You'll see that I'm a funny guy,  
Won't make you cry, so be mine, so be mine

I wanna know if you like me girl,  
Give me sugar and honey,  
No, we don't need any money,  
We love each other,  
Cause love is for free.

(x2)

I wanna know if you like me girl,  
Give me sugar and honey,  
No, we don't need any money,  
We love each other,  
Cause love is for free.

...Love each other cuz love is for free  
Your love is for free  
Love is for free  
Your love is for free
