Said you got no, got no motivation
and that's about to drive you right outta your mind.
You bought a one way ticket to a destination
and now you're leaving me and all your worries behind.

Well you said goodbye to yesterday
and all we ever knew,
but you're not the only one feeling used

(Maybe) You would throw this all away
with all the stupid things we say
and all those little games we play
(Maybe) May-aybe you've heard it all a million times
but I don't wanna change the world
I just wanna change your mind

If I go now, will I catch you at the station?
Or find myself standin' all alone?
Cuz I've got a bad, bad, bad reputation
for not catchin' things until they're too far gone.

You might think I'm crazy
or just a bit confused
But you're all that I have left so I got nothin' left to lose.

(Maybe) You would throw this all away
with all the stupid things we say
and all those little games we play
(Maybe) May-aybe you've heard it all a million times
but I don't wanna change the world
I just wanna change your mind.

(I just wanna change your mind.)

You said goodbye to yesterday
and all we ever knew,
But you're all that I have left so I got nothin' left to lose.

(Maybe) You would throw this all away
with all the stupid things we say
and all those little games we play

(Maybe) May-aybe you've heard it all a million times
but I don't wanna change the world
I just wanna change your mind
