"I Won't Forget You Baby"

Late at night, I close my eyes.
And think how things could have been.
And as I look back.I remember some words you said to
me.It's better to lost a love.
Than never to loved at all.
I won't forget you baby.No I couldn't.
I won't forget you baby.No I shouldn't.
Some times in my head.I can still see picture of
you.And
I laugh to myself.Of all the funny things that we used
to do.All the miles come between us.
Just between you and me.I should have let you fade
away.Cause that's just what you did.
