Kids of the world, are you ready. Please welcome from the gutters of South-East Georgia, the glam-slam kids of rock. Squad Five-O. Sometimes I feel turned around and upside down. Sometimes maybe I think too much. But, baby, my heart's still in touch. I remember standin' tall sayin' I'm gonna be a rock-n-roll star. Some one said sit down boy, you already are. Oh, yeah. So raise your hands to rock, rock. Summertime was always right just me and you. Sixteen and dealing with those summertime blues. I was young and restless living on the edge of a dream. Someone said come on boy, ya just gotta believe. Oh, yeah. Raise your hands to rock, rock. Play one time Aaron. Raise your hands to rock, rock. Come on, raise your hands to rock. Everybody, raise your hands to rock. You really know how to rock. Come on lets rock. Thank you, thank you very much, ladies and gentlemen. Put your hands together. One time, thank you, thank you very much. Come on lets rock. Thank you good night. You want more, I said do you want some more. Well let me hear ya scream.
