[Jingle Bel]

Off goes the alarm clock

Why did my day have to start on a bad note?

Classes start at ten, but it's half past twelve

Gotta drop this class

Hope I don't fail, slip on the jeans and a tee

Check I guess it's time to do work

Make my class at one o'clock, grab the white smock

Pour the contents from beaker A, to beaker B

So we got C, big deal, no frills

So I grabbed the bunsen burner

Watch how I turned the whole room, kaboom!

Nope I'm just kidding, now won'tcha listen

Spin was on a mission

He grabbed the black liquid, and put it to his mouth

{\*glug glug, glug, cough cough, PUKE\*

You know I bugged out, but you ain't heard shit!

This nigga picked up the bin, what did he intend

Then I heard a crazy laugh, people started to gasp

in amazement, and this is how his rage went

Uh-oh, uh-oh! Watch out, get back man!

He's goin crazy man..

[Spin 4th]

Somehow this liquid gave me the skill beyond the real

I feel like steel it seems immense so intense

Easily I flip a style

? of miles unto the ozone

which is the upper atmosphere, I fear

pollution no solution for the greenhouse effect

which causes wreck, on the environment

Wait, I have a large information tape

for I can't stop, the mad flow shock

In proportions and distortions

The condition they blocked, the brain wants melodies  
constantly

Demolition for plex, the text by your mission has  
finesse

Running like the CPU, of an Apple Mac

Or start the Windows 5.0, hard drive attached

to learn to program and scam through the non skill ills

or stay to play the piper

Mister Piper, smooth like mica, fiber, glass

Amass, transform to titanium

Uranium, I'm buggin, trippin, ? ha hah!

Now I rule the world, and get all the girls

Demolish, thieves, SSL go to hell

Huh, get some of deez

Oh my God, my concern is large

So be on your guard, cause I'm come rippin rippin  
rippin

it hard, I rip invert crazy

Crazy precise, heavy particles, of audible delectable

incredible inject the flow, how now you know

that I go and go, on and on and on

So no, you could not stop me, I rock G

Nigga -- what?Get off me!GET OFF OF ME!!!

GET OFF OF ME!!!EEEEEGH AARRRGH!

[Jingle Bel]

But on the for real I would like to say

Big ups to St. Awl, Troy U, ? University, Howard

Spelman, Morehouse, Northford State

North Carolina Central, North Carolina A&T

New York College

You know NYU, Malcolm X, Winston-Salem State

And ALLLLLLL my people out there, stay in school!

Please, please

Or you'll have umm.. nuts like these running your  
country

{\*both laughing\*
