Because we know that this day would eventually come
to

So I do not care about as long as your heart can live
better

Did you love is you when I cry

I tasted on my side there is the feeling of being loved

Thank you for your good I will never forget

Although the taste of fresh out slowly and slowly

Tonight we meet again be considered the final

Agreed they do not shed tears

We walk our earlier estimates in the cruel heart

Who'll be the murderer who say that the export you or
me

All of our all as long as another step in all

Will be able to escape to have been free to

Please do not crylikethisisasurprise

Cry even more hard to get out onlymakethings

Do not change my love is time trouble

Girlyouknowthat, right?

Hey you dry your tears

Hey you stop your feet

onemorestep

that'sallthatwehaveleft

Thank you for your good I will never forget

Although the taste of fresh out slowly and slowly

Tonight we meet again be considered the final

Agreed they do not shed tears

We walk our earlier estimates in the cruel heart

Who'll be the murderer who say that the export you or
me

All of our all as long as another step in all

Will be able to escape to have been free to

We walk our earlier estimates in the cruel heart

Who'll be the murderer who say that the export you or

me
All of our all as long as another step in all
Will be able to escape to have been free to
