Hey, in the corner by the D.J. unit
The flag of beauty my eyes salute it
She likes love by luck or labor
She likes love but not for favor

Can't hold on
No I can't hold on

She keeps her lips on the straw she's sucking
Looks up to me but her eyes see nothing
Love's her stare the steps to her heart
Love's the climb the bite not her bark

I can't hold on
(Can't hold on)
No I can't hold on
(Can't hold on)
No I can't hold on
(Can't hold on)
No I can't hold on

The lights flash green my envy lights up
The lights just flash and I feel tied up
Love's for sale and I am sold on
But there's no way that I can hold on

I pour the milk into the cat's saucer
I'm John Wayne as I'm walking towards her
She'd like to dance but not this minute
She's the fish I'd love to fillet

I can't hold on
Oh, I can't hold on

I draw first with a stammer of verbal
We dance like pigeons forever in circle
She likes to dance her cocktails shaken
She likes love and its temptation

I can't hold on
(Can't hold on)
No I can't hold on

(Can't hold on)
No I can't hold on
(Can't hold on)
No I can't hold on

The lights flash green my envy lights up
The lights just flash and I feel tied up
Love's for sale and I am sold on
But there's no way that I can hold on

Oh, I can't hold on
(Can't hold on)
Can't hold on
(Can't hold on)
Can't hold on
(Can't hold on)
Can't hold on
(Can't hold on)

Can't hold on
(Can't hold on, can't hold on)
Oh, I can't hold on
(Can't hold on, can't hold on)
No I can't hold on
(Can't hold on, can't hold on)
No I can't hold, can't hold, can't hold on
(Can't hold on, can't hold on)
