She was a girl at the library, keeping her book behind
the desk
She was a girl who ruled at me, for reading it's scared
to rest
She's got a new beret, she was a library girl

She was a girl who deep devised in her arms, her boy
upstairs
But the girl means mood to me
But let's make up that bell, 'cause she's never have a
bell
Well maybe when she had a 'maybe'

She was a girl at the precinct underneath the barber
shop
She had a boy on her sin and I had a saddened rise
Got a little girl, she was a little girl

She was a girl who deep devised in her arms, her boy
upstairs
But the girl meant mood to me
But let's make up that bell, 'cause she's never have a
bell
Well maybe when she had a 'maybe'

She was a girl who passed on stage, and has kept in a
backroom track
Kept on movin', comin' 'round the bay and I'd always
learned the job
He's got her new boy well, she was the district girl

She was a girl who deep devised in her arms, her boy
upstairs
But the girl meant mood to me
But let's make up that bell, 'cause she's never have a
bell
Well maybe when she had a 'maybe'

She was a girl at the library, library
She was a girl at the library, library
She was a girl at the library, library

She was a girl at the library, library
