You find a hair on my jacket  
And you know it's not mine  
You look at my pillow  
But you're wasting your time

Because I'm out of touch with you  
Your smile no longer sings  
I'm so out of touch with you  
Now your phone forever rings

You see a code in my book  
But it doesn't ring a bell  
And this girl I am seeing  
Says she really couldn't tell

Because I'm out of touch with you  
I have seen another heart  
I was so in love with you  
Love and thanks, I can, I can't

I won't comb my hair for you anymore  
I won't be in early  
I won't be in late  
I won't be in at all so don't sit in and wait

You hear a howl in the dark  
And you can hope that it is me  
But there are no chances  
Now there's no one else to see

Because I'm out of touch with you  
Your trap was never sprung  
I'm so out of touch with you  
So the final verse is sung

I'm so out of touch with you  
I won't be in early  
I won't be in late  
I won't be in at all so don't sit in and wait

Don't sit in and wait  
Don't sit in and wait

Don't sit in and wait
