She got a teenage daughter with another little look
Works at the factory as he brings a cold drinker
Together when they're out on the town
Never felt to keep the young man down

Bad lips and long legs are very, very weary
Reads all the pages of the books on the bed
Son and daughter are cleverly disguised
Blue of the last nights all my lives

Lady, I'm coming, I'm hard as a rock, out on the pride
& over the top
I'm burning, I'm ready, I'm bubbled up in blue
Down at the dime I'm ready for you

Troubles come looking on the eye of the ball
Grease and the colors dance in the halls
Looking or touching are strictly for the balls
Of all guys with muscles are good in overalls

Lady, I'm coming, I'm hard as a rock, out on the pride
& over the top
I'm burning, I'm ready, I'm bubbled up and blue
Down at the dime I'm ready for you
