Slightly drunk once again
All alone with my pen
I thought I'd write to you
How can I say, how I feel?
Falling down on a deal
This last night with you

Is it the cold that makes me shake?
I just hope that I'm awake
I say, alright I knew, I knew

I was wrong, you were right
(That's a line I cannot find)
I could not say goodbye
(To explain just why I lied)
Why's it always feel the same?
(Slightly drunk what you said to me)
I'm in love once again
(Can't fall in love without misery)

I'm pretty sad but so what?
I should be glad but I'm not
I'm confused once more
All tangled up in your love
Without it now so that's tough
My heart cries for

A little talk to anger me
Out on the road especially
Back to you once more, once more

I was wrong, you were right
(That's a line I cannot find)
I could not say goodbye
(To explain just why I lied)
Why's it always feel the same?
(Slightly drunk what you said to me)
I'm in love once again
(Can't fall in love without misery)

Slightly drunk once again
All alone without friends

Had enough, I know I lied
All my ends seem untied
I cannot say, how I feel

Slightly drunk once again
All alone without friends
Had enough, I know I lied
All my ends seem untied
I cannot say, how I feel
