If it's good enough for Grandad
it's good enough for me.
The way it was
that's the way it's got to be.

Told me all about the good times that he had.
Even when the times were sad
Was good enough for Grandad.

Been to all kinds of places;
been to every old foreign land.
Ain't a man alive
shuck and jive
better than Grandad can.

All the good times that he had
They were good enough for Grandad
They're good enough for me.

Been to all kinds of places;
been to every old foreign land.
Ain't a man alive
shuck and jive
better than Grandad can. (Uh uh)

All the good times that he had
even when the times were sad
was good enough for grandad

(Yes yes)

All the good times that he had
If they were good enough for Grandad
they're good enough for me

(Yes yes)
