My old lady has got the cutest little mother in law
Shes just a little bit crazy
Shes the sweetest mom you ever saw
Shes the one that I adore
Shes the one who lives next door
Always love her just because she's the little mother in
law, yeah
My old lady has got the cutest little mother in law
Shes just a little bit crazy
Well,shes just a little bit crazy
Shes the one that I adore
Only one woman that I love more
Always feel this way because she's the little mother in
law
