"My Drag"

Visit "[My Drag](#)" on MotoLyrics.com

That low down man of mine
Mistreats me all the time
He sez he loves me only
Then turns around and leaves me sad and lonely
If he could see through my eyes
And be the one who cries
He would see
He would never be
That low down man of mine
That low down man with his low down ways
I know he'll go some day
It wont be long
But from now on
If he could see through my eyes
And be the one who cries
He would see
He would never be
That low down man of mine
If he could see through my eyes
And be the one who cries
He would see
He'd come back to me
That low down man
