Alone again tonight  
In this empty time  
The sound in my head  
The sight leaves me  
Leaves me blind

I'll write a million words  
I'll sing until it hurts  
How far could this be  
Until it's seen?

How long will I let this go?  
I can't stand to spend  
Another night alone  
Alone

I stare at the empty walls  
I speak, no one hears  
I make every excuse  
And blame my fears

How long will I let this go?  
I can't stand to spend  
Another night alone  
Alone, alone, alone

And all these shadows come to rest  
In my head  
And I can't see you and I  
I can't hear the things you said

There is a secret place  
You'll find a bloodstained fence  
It's there, the future speaks  
And she spoke to me

How long will I let this go?  
I can't stand to spend  
Another night, another night alone  
Alone, alone, alone

Not another night alone

Alone, another night alone  
Alone
