Don't you just wanna dance?

Talking forever, closer together.
Wanting to be with you more and more.
Isn't it time to go to the flo-or.

(--::chorus::--)

Dance

Why can't we just dance

Why can't we just

dance dance

why can't we just

dance dance dance dddance dance dance dance

why can't we just daaaaaaaance

Say that you want me

Say that you need me

Isn't it time to walk the walk

a lot more action(--no more talk--)

laaaate in the night

feeling the sweat

Feel like my body's about to blow

C'mon baby let's go

(--::chorus::--)

Say that you want me(--I can't wait for you no more--)

Say that you need me

dance dance dance dddance dance dance dance

(--::chorus::--)

(--haha.I can Dance!!--)
