Do you know what its like?
DO you know i feel?
Do you hurt inside like i do?
Its hard to explain, but i wont regret,
ever loving you.

Chores,
I used to be real close to you
i used to want you more then you ever knew
i used too feel like you were the only thing good in
my life
i used to love you.

Woah, you've changed
you've played you part in my life
im sorry for shutting you out
but thats i feel on the inside not the
outside.

Chores
I used to be real close to you
i used to want you more then you ever knew
i used too feel like you were the only thing good in
my life
i used to love you.

hey ho oh oh oh
hey ho oh oh oh
woah
Why dont you why dont you
look the same?
why cant you why cant you
be the same?
why do you look at me like
im no part your life like im some
new girl in your life.. Why?
Why?

Chores
I used to be real close to you
i used to want you more then you ever knew
i used too feel like you were the only thing good in

my life
i used to love you
oh
I used to be real close to you
i used to want you more then you ever knew
i used too feel like you were the only thing good in
my life
i used to love you.

i used to love you woah.
