[Translation]  
In the identical days, I am being confined  
Covering your eyes, holding to my body

The everyday struggle makes me can't breathe  
You are tired too, tired just like me

Free yourself now, it is the time to leave  
I want to go this very moment, I really want to go with  
you

No matter where and when, nothing matters  
As long as I am with you, as long as I am flying with you

Now we can fly, now we can fly  
Now we can fly, now we can fly  
Fly up even faster

Now we can fly, now we can fly  
Now we can fly, now we can fly  
Walking on the clouds

Now we can fly, now we can fly  
Now we can fly, now we can fly  
Let's embark now again

Now we can fly, now we can fly  
Now we can fly, now we can fly

Fly better fly, stretch out the wings that was hidden  
Fly better fly, ride on the wind and rise high

Fly high make it high, go till I touch that sun with my  
hands  
Can go wherever you want with SS501

There are many other worlds out there  
I want to know more, I want to see more

Full of curiosity, you are laughing  
There aren't any fear, only new things

Why be surprised now, that is too early  
There are much more days to come, much more to see

No matter where and when, nothing matters  
As long as I am with you, as long as I am flying with you

Now we can fly, now we can fly  
Now we can fly, now we can fly  
Fly up even faster

Now we can fly, now we can fly  
Now we can fly, now we can fly  
Walking on the clouds

Now we can fly, now we can fly  
Now we can fly, now we can fly  
Let's embark now again

Now we can fly, now we can fly  
Now we can fly, now we can fly

Fly better fly, stretch out the wings that was hidden  
Fly better fly, ride on the wind and rise high

Fly high make it high, go till I touch that sun with my  
hands  
Can go wherever you want with SS501

Now we can fly, now we can fly  
Now we can fly, now we can fly  
Fly up even faster

Now we can fly, now we can fly  
Now we can fly, now we can fly  
Walking on the clouds

Now we can fly, now we can fly  
Now we can fly, now we can fly  
Let's embark now again

Now we can fly, now we can fly  
Now we can fly, now we can fly

Now we can fly, now we can fly  
Now we can fly, now we can fly
