Seara, seara - albastra,
Cade, cade pa pamant,
Arde steaua noastra,
Arde, arde luminand!

Seara, seara - albastra, tu esti taina noastra, taina de dor.
Ochiul stelei arde, arde, arde stralucitor,
Seara, seara - albastra, tu esti taina noastra, taina de dor.
Ochiul stelei arde, arde, arde stralucitor.

Suie, suie Stea Polara cat mai sus -
Azi noi in albastra seara am ajuns.
Suie, suie stea polara cat mai sus -
Azi noi in albastra seara am ajuns.

Sa plutim departe
Mai in larg, departe-in larg.
Tanar pana la moarte -
Dorul n-a mai fi pribeag!
Seara, seara - albastra, tu esti taina noastra, taina de dor.
Ochiul stelei arde, arde, arde stralucitor,
Seara, seara - albastra, tu esti taina noastra, taina de dor.
Ochiul stelei arde, arde, arde stralucitor.

Submitter's comments:Â

The lyrics lack the correct Romanian diacritics and signs, which I could not find anywhere
