Goodbye, goodbye  
Silence hitting like a cannonball, when I come back  
home  
Goodbye, goodbye  
The empty picture frames you used to live in  
Goodbye, goodbye  
Waking up to feel the other side so cold  
Goodbye, goodbye  
The bitter memories I've now forgiven

So I won't be alone tonight (be alone tonight)  
No, I won't be alone tonight (be alone tonight)

No, no, cos I feel, I feel, I feel I'm ready to love again  
Cos I feel, I feel, I feel I'm ready to love again  
From the heartache I've been down, but it's finally all  
gone by  
Now I feel I'm ready to love

Goodbye, goodbye  
Walking into places and worrying you might be there  
Goodbye, goodbye  
The drunken calls I regret in the morning  
Goodbye, goodbye  
Tables for seven and saying I just don't care

Goodbye, goodbye  
Giving in to the fear of falling

So I won't be alone tonight (be alone tonight)  
No, I won't be alone tonight (be alone tonight)

No, no, cos I feel, I feel, I feel I'm ready to love again  
Cos I feel, I feel, I feel I'm ready to love again  
From the heartache I've been down, but it's finally all  
gone by  
Now I feel I'm ready to love

Your situation changes when you put yourself with  
strangers, then you  
Move on, but you never know (never know, never know)

If you never go (never go), so and so you know, you  
know

Cos I feel, I feel, I feel I'm ready to love again  
Cos I feel, I feel, I feel I'm ready to love again  
From the heartache I've been down, but it's finally all  
gone by  
Now I feel I'm ready to love
