Tomorrow came too soon
I barely made it through today
Still empty inside
I guess nothing's really changed

I'm still afraid to feel
'Cause I cannot take the pain
I'm still afraid to feel
Afraid to lose someone again

I wish that somehow
I could leave my past behind, my fears behind
If I could only breathe you in
(Breathe)
If I could only breathe you in
(Breathe)
If I could only breathe you in, every drop of you
(Breathe)

Guess it's time to face the truth
And admit my past mistakes
Come to terms with all that's wrong with me
And all the things I'll never be

Why am I afraid to feel?
Afraid of what is true?
Why am I afraid to feel?
When all I really want is you?

To taste your skin, to share your thoughts
(What about)
An' would never be enough for me
If I could only breathe you in
(Breathe)
If I could only breathe you in
(Breathe)
If I could only breathe you in, every drop of you
(Breathe)

If I could only breathe you in
(Breathe)
If I could only breathe you in

(Breathe)
If I could only breathe you in, every drop of you
(Breathe)
Of you
