

Stabbing Westward "Hopeless"

Visit "[Hopeless](#)" on MotoLyrics.com

Innocence
Stumbling around
Holding onto anyone
Who'll hold on to you

Innocence
It's hurt again
But is it really worth the pain?

You are helpless
You are selfish
You are hollow inside
You are hopeless

Innocence
Lost along the way
To anywhere or anyone
Who'll hold on to you

Innocence
It's hurt again
But is it really worth the pain?

You are helpless
You are selfish
You are hollow inside
You are hopeless
