Your soul a pit of stone
The depths I wish I could have known
Dangerous, black and full of spite
Thoughts of you fill my night
But now we lay naked on the floor
I'm lost, I'm drownin' in your soul
I was searchin' for some answer in your eyes
I find malicious laughter and a love that has died

You are haunting my reality
Your lies are the only truth that I believe
You are haunting my reality
Now every time I think about you I die

Hatred runs through me marrow deep
I long to tear your eyes out in your sleep
This passion can lead to evil crimes
Do I kill you or do I choose to die?
Acid burn etched in my brain
Someone dies before I go insane
I was searching for some answer in your eyes
I find malicious laughter and a love that has died

You are haunting my reality
Your lies are the only truth that I believe
You are haunting my reality
Now every time I think about you I die
Lies, lies, lies, the lies

Soon now you'll be gone
I wish to God, I could've known
I love you, I hate you every night
This longing for your soul has got me scared
But now we lay naked on the floor
I'm lost, I'm drownin' in your soul
I was searching for some answer in your eyes
I find malicious laughter, hate and lies fuckin' lies

You are haunting my reality
Your lies are the only truth that I believe
You are haunting my reality
Now every time I think about you I die

You are haunting my reality
Your lies are the only truth that I believe
You are haunting my reality
Now every time I think about you I die
