One, two  
One two

I feel it slipping away  
I feel it slipping away  
I gave it all but no one cared  
I feel it slipping away

I feel it slipping away  
My God it's slipping away  
I gave it all but no one cared  
I feel it slipping away

I feel it slipping  
I feel it slipping  
I feel it slipping  
I feel it slipping

I feel it slipping away  
I feel it slipping away  
No more pain and no more fear  
I feel it slipping away

I feel it slipping  
I feel it slipping  
I feel it slipping  
I feel it slipping away

I just can't learn to forget  
Now I'm choking on the memories  
Choking on regret  
I tried but I can't find a way  
To untangle all the pieces  
After they've been thrown away

I feel it slipping  
I feel it slipping  
I feel it slipping  
I feel it slipping away

I will not suffer this loss  
Of you again and again and again

I refuse to continue to live  
In this perpetual nightmare  
I decide it ends right here

I feel it slipping  
I feel it slipping  
I feel it slipping  
I feel it slipping away

I feel it slipping  
It's slipping  
Everything is slipping away
