I've spent  
My life  
Running from the emptiness  
That haunts me  
And I've felt  
My whole life  
Trying to fuck  
The loneliness away  
And I die  
Inside  
When I think of all the people  
I have damaged  
And I'm tired  
I'm so tired  
And there's no one else  
Except myself to blame  
My life's been wasted  
Everything is gone  
My life's been wasted  
And I am all alone  
My life's been wasted  
There is no one else  
My life's been wasted

It's time I face myself  
I've spent  
My life  
Trapped inside  
A cycle of self destruction  
And I've spent  
My whole life  
Trying to numb  
The pain inside my soul  
And furious  
I cry  
When I realized  
I fought this war with no one  
I'm tired  
I'm so fucking tired  
Gotta find a way  
To keep myself alive  
When I reach the end

Will anything I've done  
Mean anything?  
Will anything I've done mean anything?
