I am lost in the darkness
Between two worlds and here I'm struggling
You're the light that I've been seeking
'Cause my whole life there's been something missing
Only you
Can make me whole
Just one touch
And you complete me
Only you
Can make me whole
Just one touch
And you complete me

Rescue me from this black hole
That sucked me in and left my dying
You're the truth that I've been seeking
'Cause my whole life I've been lying

Only you
Can make me whole
Just one touch
And you complete me

Only you
Can make me whole
Just one touch
And you complete me

God I pray you find me worthy
Of the right to stand beside you
And of your truth and of your passion
Of the right to sleep beside you

Only you
Can make me whole
Just one touch
And you complete me
Only you
Can make me whole
Just one touch
And you complete me
Just one touch

And you complete me
Just one touch
And you complete me
Just one touch
And you complete me
