said you wanna be,
said you wanna be a wife,
well maybe then youd see,
maybe then live my life,

but ill find my way home,
theres no need for you to say you love me anymore,
and ill face the facts,
its not my will to bleed,
and i wont keep score.

said you like the taste,
yeah the taste of my tongue,
please forget this face of mine,
and ill forget this space in time,

i said goodbye to many times,
to be fallen at your door,
and i've walked away,
so far away,
and still ill walk some more,

and i in the times youve seen me crying,
i tried, but i was lying,
this pains for me,
it stains me

and i felt your skin,
i tried to melt into your skin and i did,
yeah you let me in,
but i failed and i fell down,
i fell on my face, my face, my face

one for the money,
two for the show,
now three to pick me off my feet,
and four ill hit the floor and i,
i took the pill that caused the chill,
to ease the pain,
could i refrain,
please one more pill,

one more pill now,

said you wanna take,
said you wanna take my time,
maybe then you'd see,
maybe then make my mind,

oh so speak,
but close your eyes,
and feel the blood rush,
lay so still,
or scream until,
this dance has slowed down,
to a heart beat, and sweat falls cold

one for the money,
two for the show,
now three to pick me off my feet,
and four ill hit the floor and i,
i took the pill that caused the chill,
to ease the pain could i refrain,
please one more pill, one more,

one for the money,
two for the show,
now three to pick me off my feet,
and four ill hit the floor and i,
i took the pill that caused the chill,
to ease the pain could i refrain,
please one more pill one more now,

im gonna make,
im gonna break,
im gonna take a little time for me,
im gonna sing out loud,
im gonna say im proud,
ill walk on water,
walk and talk right back to me,

its not the matter of the crime,
its not a matter of the time it takes,
to realize you're a star,
and i cant meet you where you are.
