"Pretty Face"

I see my pretty face in his old eyes
I listen to our blood run side by side
I throw my hands to you and run away
It's so cold so dangerous that I can't stay

I run away from you
Into your dream and who the one
That I was in when you took me
That I could never meet my friends again

I thought I touched them but I can't feel I'm in your dream
They want to take me but I will hide from them
Tonight I take your life and throw it far away
I'll use my pretty face to find my way to him

I run away from you
Into your dream and who the one
That I was in when you took me
That I could never meet my friends again

Will you be my friends in my dream
Just take that pretty face I've shown me
Will we ever have that baby
Just take that pretty face I've shown me

Are you my friend
Will you be my friend in my dream
Just take that pretty face I've shown me
