Baby all good things must come to an end  
Even you and me  
Even you and me

I never thought that it could hurt so bad  
But it's killing me  
And it made me see

All this time, I should've loved you stronger  
All this time, I should've held you tighter  
All this time, I should've known better,  
Better than to let you go  
Cause I still need you so

Now that you are far away  
Well it hurts me so,  
Just to hear your name  
Won't you please come back to stay?  
I never want to feel this pain again

All this time, I should've loved you stronger  
All this time, I should've held you tighter  
All this time, I should've known better,  
Shouldn't have let you go  
Cause I still love you so

I will try to change for you  
Baby if you need me to  
I'll do anything for you  
But I'll let you go no more

I thought that I could never learn to love  
I guess you thought me wrong  
I've never felt this strong  
I can't wait for you to come back home  
I promise that I will never let you go no

All this time, I should've loved you stronger  
All this time, I should've held you tighter  
All this time, I should've known better,  
Better than to let you go

Cause I still need you so

All this time, I should've loved you stronger

All this time, I should've held you tighter

All this time, I should've known better,

Shouldn't have let you go

Cause I still love you so
