This ain't "Whatever"

Not some unrequited love affair

This ain't about what is right or what is fair

It's much more than that

Word's in anger
Are sounds in this thin, thin air
Where there is love there is no fear
All is forgotten

I said "Hey!"
On our hearts there are these phrases
And I don't care about the answers

Come back to me, walk or run, walk or run, walk or run

It doesn't matter where you've been
It doesn't matter what the sin
Just come again, come again

You can always come on in

No matter what this door is open

Come again, come again

Hey hey hey o ay hey hey o ay hey hey o ay

Come again

Hey hey hey o ay hey hey o ay hey hey o ay

Words in anger
The reasons why we can't remember
Our pride turns us to strangers
Forgetting what we're made of, made of

I said "Hey!"

Don't let your doubts get between us

It doesn't matter what they tell us

Come back to me, walk or run, walk or run,

It doesn't matter where you've been
It doesn't matter what the sin
Just come again, come again

You can always come on in No matter what this door is open Come again, come again

Hey hey hey o ay hey hey o ay hey hey o ay

Come again

Hey hey hey o ay hey hey o ay hey hey o ay

El mundo te espera con brazos abiertos (The world awaits you with open arms)
Levantate del suelo y sigue tus sueños (Get up from the floor and follow your dreams)
Y el viento te lleva a donde quieras (And the wind take you wherever you want it to)
Pero no me dejes...(But don't leave me)

Just come again, come again

It doesn't matter where you've been
It doesn't matter what the sin
Just come again, come again

You can always come on in No matter what this door is open Come again, come again

It doesn't matter where you've been
It doesn't matter what the sin
Just come again, come again

You can always come on in No matter what this door is open Come again, come again
