Look at all the people,  
Passing by my window  
Not a single smile,  
Not a single laugh,  
Not a single word to say

Do you understand me now,  
Is it understood?  
Do you understand me now,  
Do you know the answer?

Look at all the people,  
Sitting on my doorstep  
Everyone is smiling,  
Everyone is laughing  
Now that I am sad

But can I help it,  
Can I change it,  
Now that you are gone?  
Do you understand me now?

Do you understand me now,  
Is it understood?  
Do you understand me now,  
Do you know the answer?  
Do you understand me now?  
You don't have to be so sad tonight  
Do you understand me now?  
Do you understand me now?

And when will you realize,  
That you can't go through life,  
With closed eyes?  
And when will you understand,  
You've got to grab your chance  
Don't let it get away  
Cause babe I'm here to stay  
Babe I'm here to stay

Look at all the people,

Running round in circles  
Every single one  
Has their ups and downs  
Take a deep breath and let go  
So breathe and let go  
Yeah Yeah

Do you understand me now,  
Is it understood?  
Do you understand me now,  
Do you know the answers?  
Do you understand me now?  
You don't have to be so sad to live  
Do you understand it now?  
Do you understand me now?  
You don't have to be so sad to live  
Do you understand me now?  
Do you understand me now?
