Mama oh mama
Don't you cry for me
No more

Mama oh mama
Don't you cry for me
No more

I have sold my soul
To the devil

Papa oh papa
Don't you look for me
no more
I'll be gone long before
Tomorrow

Mama oh mama
Even though it's been so long
I can still here you sing
That same old song

And Papa oh papa
Tell me where did I go wrong
I can't seem to find the place
Where I belong

Cause I've been eleven my whole life
Searching for something or someone
Out there I could find
Give me some piece of mind
Give me some piece of

Mama oh mama
I hope you understand
That mama
I'll be back again someday

And papa oh papa
Wipe that frown from your face
I can't stand to see you
Look at me that way

It's six o'clock
And she's standing all alone
She looks outside
And she's sitting there so torn

It's getting dark
And she's waiting by the door
Because she hopes
That her baby might come home
Yeah yeah

Mama, mama
You know I love you so
But I've got to roam this world
To find my home
Yeah yeah

Papa oh papa
I know I've done you wrong
But even you must learn
To let it go
Yeah yeah

I've been eleven my whole life
Searching for something or someone
Out there I could find
Give me some piece of
I've been eleven my whole life
Searching for something or someone
Out there I could find
Give me some piece of mind
Give me some piece of
I've been eleven my whole life
I've been living my whole life

I've been eleven my whole life
Searching for something or someone
Out there I could find
Give me some piece of mind

Give me some piece of

Mama oh mama don't you cry for me no more
