Baby...

Its not the arguments

It aint the time we spent

I never worry bout who you're with or where you been

You take good care of me

I really should but please

I know you probably wont believe it's not you, babe it's
me

I don't know why

I don't love you anymore

And though i try

Its just not like it was before

I wish that I

Had reason to be mad at you

Then maybe I would not feel bad for leavin you

[CHORUS]

You may not like what i have got to say

Baby i can't do this no other way

My feelings for you boy just aint the same

Make this easy please

Don't ask me to stay

Please don't say you love me

I know you do

Don't know why im not still in love with you

My feelings for you boy just aint the same

Make this easy please

Don't ask me to stay

Baby it's life itself

You know how these things go

Maybe ive just grown out of you

Maybe we'll never know

I know sometimes I'll miss you

This may just be my loss

Though it may not seem that way

Maybe we are better off

I don't know why

I don't love you anymore

And though i try
Its just not like it was before
I wish that I
Had reason to be mad at you
Then maybe I would not feel bad for leavin you

[CHORUS]

I don't wanna live a lie no more
How can I stay and not be sure
I wanna be with you
And I think you need to know the truth

[CHORUS x2]

Ohh stay, baby I can't stay
I don't know why
